MD Governor Signs Hand Held Cell Phone Ban into Law

The new law will prohibit all Maryland drivers from using a cell phone without a hands free device while operating a motor vehicle. The fine for a first offense would be \$40 and subsequent offenses would be \$100. The new law will be a secondary offense, meaning that a driver must first be committing a primary offense such as speeding or reckless driving before they could be ticketed for a Cell Phone offense. The new law is scheduled to go into effect in October, 2010. *www.drivinglaws.org*
